

Big things are happening at Pevida Highway Designers (PHD)! We are now FDOT Pre-Qualified in Major Bridge Design - Concrete, have a FELI Alum Diego Jimenez, PE and for the second year in a row, we've received the Best and Brightest Places to Work for and been recognized as a member of PSMJ's prestigious Circle of Excellence!

PHD is fulfilling its mission to become the Go-To firm for complex engineering challenges. We've now added Major Bridge – Concrete qualifications to go with our Major Bridge – Steel qualifications. Our Structures Team, led by Diego Jimenez, PE, is now working on major bridge structures including two steel bridges along SR 836 and new fourth level SR 836 eastbound and westbound bridges through the Mid-town interchange which include a unique straddle bent especially designed to support the westbound viaduct as part of our ongoing I-395 / SR 836 / I-95 project.

Our Structures Team lead Diego Jimenez, PE, has also joined the ranks of other great leaders through the Florida Engineering Leadership Institute (FELI) Program. FELI "Transforms Leadership Opportunities into Reality" through their 10-month class that focuses on Personal Leadership, Organizational Leadership, Governmental Leadership, Community Leadership, Economic Leadership, and Professional Leadership. We can't wait to see what Diego and the rest of 2020's FELI Class accomplishes in the near future. Congrats to all the talented engineers who have been announced for this year's class!

For the second year in a row, we've received the Best and Brightest Places to Work for 2020 and been recognized as a member of PSMJ's prestigious Circle of Excellence! The Best and Brightest Companies to Work For in the Nation For 2020 award is given by the National Association for Business Resources who recognizes the most influential, trend-setting companies across the country and regionally in focused programs. PHD was assessed on categories such as communication, work-life balance, employee education, diversity, recognition, retention and more! Also, becoming a member of PSMJ's prestigious Circle of Excellence for the second year in a row is a huge honor. PSMJ evaluates firms of all types and sizes are evaluated based on their performance in 13 key business benchmarks such as profitability, overhead management, cash flow, productivity, business development, staff growth, and turnover for their Circle of Excellence honor. These awards are very important to us being that they reflect our company culture and what we stand for.

Pevida Highway Designers (PHD) is a DBE certified highway design firm that focuses on providing innovative/efficient highway solutions (to private and public clients) that improve quality, provide value, save costs, reduce construction duration and minimize traffic delay, reducing overall impacts to the traveling public.
